Trusthouse Charitable Foundation

Grants are available to charitable and not-for-profit organisations in the UK for small, local projects working to address community issues in areas of extreme Urban Deprivation or remote, socio-economically deprived Rural Areas. The funding is for charities and not-for-profit organisations whose projects address the Foundation's two target areas:

- Needy Rural Areas: places with fewer than 10,000 residents.
- Deprived Urban Areas: places that are considered to be in the lowest 20% on the government's Multiple Deprivation Index and have more than 10,000 residents.

Funding aims to improve or introduce community projects for the residents of these areas. In particular, the Foundation targets three main areas and has particular interests in each:

1. Health Care and Disability.
2. Community Support.
3. Arts, Education and Heritage.

The Foundation offers the following levels of support:

- Small Grants: of between £1,000 and £6,000.
- Standard Grants: of between £6,001 and £12,000.
- Large Grants: of between £10,000 and £45,000 for capital projects only.

Established charitable organisations (including CICs, social enterprises, not-for-profit registered companies, voluntary organisations) in the UK are eligible to apply. Applicants must clearly show in their appeal how their project fits into one or both of these categories:

- Rural Isolation & Poverty
- Urban Deprivation
- Community Support,
- Disability and Healthcare
- Arts, Education and Heritage
- Hospices.

Applications for Large and Standard grants are currently being accepted for the meeting scheduled for mid-February 2017. Applications should reach the Foundation by mid to late December 2016. Please note there are no deadlines, and the Foundation will close earlier or later, depending on the number of high quality applications received. It is recommended that organisations apply as soon as possible and not wait to the last moment to apply. Applications for Small Grants are considered outside the meeting, and will receive a final decision six weeks after receipt.

The Allen Lane Foundation

One-off grants of between £500 and £15,000 are available. Grants are available to small registered charities, voluntary groups and charitable organisations in the UK for work that makes a difference to people's lives as opposed to simply alleviating the symptoms or current problems and should aim to reduce isolation, stigma and discrimination. The Foundation makes grants to voluntary not-for-profit organisations in the UK for work which benefits groups of people who are under-represented in UK society. Overall, the Foundation wishes to fund work which:

- Will make a lasting difference to people's lives rather than simply alleviating the symptoms or current problems.

- Encourages or enables unpopular groups to share in the life of the whole community.
